

5 X 5

The young five-piece band “5 x 5” from Vienna presents itself as modern, creative and at the highest artistic level.

With captivating energy and outstanding musicianship, elements of fusion and jazz rock are virtuously merged with jazz improvisations.

The five-string violin is matched by instrumental vocal lines and the warm sound of the saxophone, carried by a rhythmic and harmonious foundation of drums, bass and piano.

In their original compositions, these elements come together to create energetic and story-telling soundscapes... a very unique musical experience!

Winner of the first prize of the German “Women in Jazz” competition 2023, the band has already completed three successful concert tours through Austria and Germany since its foundation in 2021.

Their first album “Extrahügel” was released in fall 2023 as part of an international release tour on the renowned label Alessa Records.
